

City's Voter Total for May 6 Primary Told

Torrance has a total of 4,896 persons eligible to vote at the coming May 7 primary election, according to figures released today by Registrar of Voters W. M. Kerr. Registration closed on March 28.

A new all-time high mark for registration was set for the county as a whole, with a total of 1,647,527 persons registered, although not all of them will be able to vote for delegates to their party's national convention, because in several instances the parties failed to qualify in that respect. Democrats and Republicans will hold the center of interest.

At the last general election, the gubernatorial contest of 1938, Torrance had a total of 4,859 registered voters. Party strength of this community's voting strength now is divided as follows: 2,370 Democrats, 1,289 Republicans, 8 Socialists, 7 Prohibitionists, 1 Progressive, no Communists, 47 of the newer Townsend party, and 174 who decline to state their party preference.

Double Egg Produced by Hen at Dobbs' Poultry Ranch

When a hen has been working with chickens for close to 20 years, he usually manages to experience about all the oddities connected with fowl as well as their ordinary life, development and growth from egg to chopping block.

But not until late last week did H. M. Dobbs, veteran poultryman living at 2010 Lomita boulevard, see a complete egg within an egg.

This double production was accomplished by one of his hens. The inner egg was as perfectly formed as the usual hen-fruit while the outer one was likewise complete with yolk and white.

In November of 1938 there were 3,265 Democrats and 1,328 Republicans registered in this community, Kerr's records showed.

Throughout the county, there are now registered 936,364 Democrats, 513,358 Republicans and 8,462 of the Townsend party. Two years ago there were 920,034 Democrats, 501,577 Republicans, and 12,071 Townsendsites.

TO APPEAR IN SHOW HERE

The beautiful young lady is Miss Eleanor Stewart of MGI who plays the "Blushing Bride" in "They Discovered America," a sound-picture honeymoon tour of the United States sponsored by the Greyhound Lines. This picture will be presented here April 15 to those securing free tickets from Les Prince at the Beacon Drug Store.

Besides the interesting movie, Commander A. W. Scott (top) of the Naval Air Service, a well-known World-Traveler and radio personality, will appear on the same program in person. He will relate his thrilling adventures and experiences in all parts of the world. This show will be given at the Civic Auditorium, Monday evening, April 15, at 7:30 p.m.

Famed Traveler to Appear On Free Program

Residents of this area have a treat in store for them Monday evening, April 15 when Commander A. W. Scott, famed traveler who has circled the globe some 13 times, will speak in the Torrance Civic Auditorium. The program, which will include an interesting motion picture, "They Discovered America," will be presented by the Greyhound Lines.

Free tickets to the entertainment may be secured now from Les Prince, local agent for Greyhound, at the Beacon Drug store, 1519 Cabrillo avenue.

Commander Scott, retired from the Royal Naval Air Service, has visited practically every country on earth and most of the world's big cities. He had an excellent record with the Naval Air Forces during the World War.

Yarns About Experiences. He is still traveling thousands of miles yearly, as a speaker for the Greyhound Lines. The Commander sounds up and down the highways and byways of America, searching for the "Unreal Realities" which form the basis of his talks and radio programs. "Unreal Realities," he explains, are true facts so strange that they seem unbelievable.

"I never try to make a 'speech' when I talk about 'Unreal Realities,'" Commander Scott said. "Rather, my idea is to tell interesting yarns about my experiences and travels, and to discuss them in an intimate and informal way. The sights that are to be seen and the experiences that are to be lived by any traveler going along the routes covered by Greyhound Super-coaches are always interesting, often amusing, and continually instructive. I simply gather the unusual and interesting things along the way and yarn about them."
